

**DECLARATION OF CONFORMITY
NO. 01/ITB-KOT-2019/0808, issue 2**

1. Product name:	Parts intended for installation systems fixing
2. Product classification:	Group 32: Fixings/connectors/supports of pipes and ducts
3. Intended use:	For fastening of all types of installations in general construction. Recommended for fastening pipes of fixed firefighting systems and others
4. Manufacturer:	Sikla Gmbh, In der Lache 17, 78056 VS-Schwenningen, Germany
5. Authorized representative:	Sikla Polska Sp. z o.o., ul. Spółdzielcza 55, 58-500 Jelenia Góra
6. National system used for assessment and verifying constancy of performance properties:	3
7. National technical specification:	
7a. Polish standard	n/d
7b. National Technical Assessment	National Technical Assessment ITB-KOT-2019_0808 rev. 2
Technical Assessment body:	Instytut Techniki Budowlanej Ul. Filtrowa 1, 00-611 Warszawa
Name of assessment and certifying body, accreditation and certificate number:	<ol style="list-style-type: none"> 1. 0536/23/Z00NZK rev.2 Technical opinion. Building Structures, Geotechnics and Concrete Department laboratory of ITB, Warsaw 2023. 2. LZK01-00536/23/Z00NZK. Test report. 7. 00745/19/Z00NZK. Research work - load capacity of installation components. Building Structures, Geotechnics and Concrete Department of ITB Warsaw 2019.
8. LZM00-00715/19/Z00NZM. Test report. Department of Building Materials Engineering. Warsaw 2019.
9. 00676/14/Z00NK. Technical opinion. Opinion issued for national approval amendment, scope: installation ducts suspension sets SIKLA. Building Structures Department of ITB, Warsaw 2014
- 10.3397/BS/07. Test report. Department - Laboratory of Fire Service Technical Equipment and Technical Fire Protection BS CNBOP, Józefów 2007.
- 11.NW-0608/A/06. SIKLA system tests. SIKLA system testing. Department of Structures and Strength Tests Department of ITB, Warsaw 2007.

8. Declared performance properties:

Key characteristics of the construction product for its intended use

Sikla products intended for use in piping systems and equipment dedicated to installations

Declared performance properties

Characteristic and design load capacity

Characteristic capacity load tests performed under conditions corresponding to the conditions of use, capacity loads specified by the manufacturer. Characteristic and design capacity load described in details in annex C ITB-KOT-2019/0808 rev. 2

Durability

Zinc coating testing acc. standards: PN-EN ISO 2178:2016, PN-EN ISO 3497:2004 or PN-EN ISO 2808:2020
Durability described in annex B, ITB-KOT-2019/0808 rev 2.

- 9.** Herewith we declare that functional properties of the products specified above are consistent with all those listed in point. 8 declared functional properties. This declaration of conformity is issued in accordance with the Act dated on 16th of April 2004 regarding building products, under manufacturer's sole responsibility.
